

HAZI A. K. KHAN COLLEGE
Department of Philosophy
Hariharpara, Murshidabad.

Departmental Activity

The Departmental Activities takes initiatives for overall growth and development of the students and give them a practical orientation to inculcate employability skills which will help them to face the challenges in this competitive world. The Department Activities that conducted are focused on imparting technical knowledge along with its application in the practical world. Side by side personality development of students is also given priority.

ICT Class:

The Department of Philosophy offers ICT enabled classes for all the students of the running semester for their better understanding of the concepts that are being taught. Apart from this ICT classes are very much helpful to develop new skills and the students become more Creative. It also enables the students to become more responsible about their learning as they seek the relevant information and knowledge through their own efforts and share their knowledge with others.

Faculty Ex-change Programme:

As directed by our respected Principal Sir like other departments we the faculty members of the department of Philosophy undergoes or entertain the faculty ex-change programme for the betterment of the students of the department to have a different taste in their learning process. The Lecturers from various colleges used to come and teach our students which is really a very good thing for the students to experience and practice in life. (Sewnarayan Rameswar Fatepuria College of Beldanga, Jatindra Rajendra Mahavidyalaya of Amtala, Sripath Singh Collge of Lalbagh).

Lecture Series:

Department of Philosophy introduced and continued the practice of lecture series for the students of the department. The Theme of the lecture series is very much subjective and is of very much related with the present scenario of the society, like gender equality in India, sexual harassment etc. The moto or goal of the Lecture Series is aimed at broading and enriching the education provided in the Lecture where the speakers are invited from different Institutions for the intellectual Discussion to the department. By practicing this kind of habits creates a healthy atmosphere within the department.

Seminars:

By Conducting a Seminar discussions offer the chances to debate issues related to the field, one can share experiences and exchange perspectives. Seminar promotes us to meet new people from different places with different views related to the field and by listening them most of the time we are encouraged, we may have certain solutions to the common problems and even one can learn how to handle the challenges. We the members of the department of Philosophy also organize seminars where we come to know about the new topics and meeting leaders in their field. By listening them the students and faculty members are encouraged and are very much motivated. Listening to any prominent personality in any seminar really helpful for the students to gain or gather information to succeed in life. Good Seminars always Boost Motivation. When we attend a seminar, expect to be motivated, energized and ready to go back to work applying a new technique we just learned. The aim of a seminar is to bring a new rhythm in teaching learning process.

Wall Magazine:

Department of Philosophy creates an opportunity for the students to prepare wall magazine every year. The students participate genuinely for the work assigned to them. The teachers are always there to guide and to produce a good wall magazine. Preparing wall magazine really help the students to emerge their creativity and hidden talents and also develop their thought process, numerous new ideas and views towards art of life.

Classroom Discussion:

Classroom discussions are very entertained in the department keeping in mind that a classroom discussion is a sustained exchange between and among the teachers and their students with the purpose of developing students' capabilities or skills or even expanding students' understanding of the subject matter. The whole classroom discussions can encourage students to learn from one another and to articulate course content in their own words. Classroom discussion also promotes a deeper understanding of the topic and increase long-term retention. This also can help increase participants' attention in the teaching learning process.

Internal Assessment:

Internal assessment is a process of assessing the understanding of students. In this process the teachers judge the students' performance based on their understanding of the course curriculum. So also, we the faculty members of the department conduct two different internal assessment for the students before the final examination begins. In this way we prepare our students so that they may be familiar with the question and perform well in the final examination.

World Philosophy Day:

The department of Philosophy celebrate World Philosophy Day each year on the third Thursday of November. UNESCO underlines the enduring value of philosophy for the development of human thought, for each culture and for each individual. Philosophy is an inspiring discipline as well as an everyday practice that can transform societies. The students make arrangement for the program and the teachers give talks followed by the performance of the students, such as poem recitation, songs, dance etc. Altogether a healthy atmosphere is created on this particular day. The students enjoy as well as learn the importance of the day to celebrate.

Teachers' Day:

The Teachers' Day celebrations take place on every 5th September across the Country, to mark the birth anniversary of Dr. Sarvepalli Radhakrishnan. World Teachers' Day is celebrated to honour teachers for accomplishments, efforts and their contribution to the society as well as to the lives of their students. The students make arrangement for the program and the teachers give talks followed by the performance of the students, such as poem recitation, songs, dance etc. Altogether a healthy atmosphere is created on this particular day. The students enjoy as well as learn the importance of the day to celebrate.

Freshers:

The very purpose of celebrating Freshers Day is to welcome the new comers or the new students in a friendly atmosphere to encourage their creative impulses to boost their confidence. It is the day where seniors and the juniors finally bond and unite to celebrate being part of the College. The students make arrangement for the program and the teachers give talks followed by the performance of the students, such as poem recitation, songs, dance etc. Altogether a healthy atmosphere is created on this particular day. The students enjoy as well as learn the importance of the day to celebrate.

Class Test:

A class test is taken after the completion of a topic or lesson or unit. A class test is being taken to test the knowledge, depth of the subject matter, skills and aptitude acquired by the students. Accordingly, before the final examination begins, we the members of the faculty organize class test for all the students of the running semester keeping in mind to prepare them for the final examination.

Send off Ceremony:

The department celebrate this event to say goodbye to all the students of 6th semester. Here the juniors make arrangement for the event and the teachers give talks followed by the performance of the students, such as poem recitation, songs, dance etc. Altogether a healthy atmosphere is created on this particular day. The students enjoy as well as learn the importance of the day to celebrate.
