Name of the event: “Thalassemia Awareness Programme”

Date of the event: 24/11/2021

Venue of the event: H.A.B.S. Madrasaha

Event category: Health Awareness

Number of Participants: 31

Objectives:

1. To raise awareness about thalassemia, a genetic blood disorder, among the students and the local community.
2. To educate people about the causes, symptoms, and treatment of thalassemia.
3. To dispel myths and misconceptions about thalassemia.
4. To encourage people to get tested for thalassemia, especially if they are planning to have children.

Brief Description of the Programme:

The NSS unit of Hazi A.K. Khan College organized a Thalassemia Awareness Programme on November 24, 2021. The camp commenced at 12.30 p.m., witnessed enthusiastic participation from students and volunteers alike. The event commenced with impactful awareness speeches delivered by teachers and volunteers.

Following the speeches, engaging discussions were held on the causes, effects, and prevention of thalassemia. Participants learned about the genetic inheritance pattern of thalassemia and the risk factors associated with the disorder.

Preventive measures were a central focus of the discussions, with volunteers elaborating on the significance of genetic counselling, premarital screening, and prenatal diagnosis in reducing the prevalence of thalassemia.

Throughout the camp there was interactive sessions. The event concluded with a renewed commitment from participants to spread awareness and advocate for preventive measures in their communities.

SWOC Analysis

Strengths:

- The event successfully raised awareness about thalassemia among the students and the local community.
- The presence of a thalassemia specialist ensured that the audience received accurate and up-to-date information about the disease.

Weaknesses:

- The event's impact may have been constrained by limited resources, such as funding.
- The event may not have reached a large enough audience.

Opportunities:

- Collaborations with local NGOs, government agencies, and healthcare professionals could enhance the event's reach and impact.
- The event could be used as a platform to promote thalassemia screening and genetic counselling.

Challenges:

- Dispelling myths and misconceptions about thalassemia may be a significant challenge.
- Thalassemia is a chronic disease that requires lifelong management. This can be a challenge for patients and their families, both financially and emotionally.

OUTCOMES

The Thalassemia Awareness Programme organized by the NSS unit of Hazi A.K. Khan College was a significant step in raising awareness about this important blood disorder. The programme effectively educated the audience about the causes, symptoms, and treatment of thalassemia. It also helped to dispel myths and misconceptions about the disease. This programme exemplified the college's commitment to fostering positive change within its local community.
