<b>Name of the event:</b>	Dengue Awareness Programme
<b>Date of the event:</b>	24/08/2022
<b>Venue of the event:</b>	Hariharpara Hospital Area
<b>Event category:</b>	Health Awareness
<b>Number of Participants:</b>	11

## Objectives:

- To raise awareness about dengue fever among students and faculty members.
- To educate the participants on the causes, symptoms, and prevention of dengue fever.
- To dispel myths and misconceptions about dengue fever.
- To encourage the participants to take necessary precautions to protect themselves from dengue fever.

## Brief Description of the Programme

The NSS unit of Hazi A.K. Khan College organized a dengue awareness camp on 27/08/2021. NSS Volunteers conducted pesticide spreading in mosquito-prone areas as part of community-based dengue prevention efforts. The event included speeches by teachers and volunteers emphasizing early recognition of symptoms and prompt medical attention. Discussions focused on identifying mosquito breeding sites and implementing personal protection measures.

## SWOC Analysis

### Strengths:

- The event was well-organized and informative.
- Volunteers actively participated in spreading pesticide.

## Weaknesses

- The event could have been attended by more students and faculty members.
- The promotional activities for the event could have been more extensive.

## Opportunities:

- The event could be replicated in other educational institutions and communities.
- The NSS unit could collaborate with local health authorities and NGOs to organize more such events.

## Challenges:

- Dengue fever is a complex disease, and it may be difficult to change people's attitudes and behaviors towards it.
- Sustained efforts and resources are required to raise awareness and implement preventive measures.

## OUTCOMES

The dengue awareness camp raised awareness about dengue fever and educated participants on its prevention. It was a step in the right direction towards combating dengue fever.
