ABOUT THE COLLEGE

Hazi A.K. Khan College, named after the name of Late Hazi Abdul Kader Khan, commenced its promising journey on 8th September, 2008. Located in a rural ambience at Hariharpara, Murshidabad, and affiliated to the University of Kalyani, the institution provides undergraduate education presently in the Faculty of Arts and endeavors to incorporate other faculties soon.

Aided by the Government and the Minority Affairs, the institute gradually prospers both in the number of faculty members as well as in its infrastructure. The college vigorously aspires to meet its cherished objective.

ABOUT THE WEBINAR

“The world will never be the same again.” This is perhaps the least hazardous prediction one can make about the consequence of the COVID-19 crisis. In the wake of this pandemic the higher education sector is also undergoing a tectonic shift. Being driven out of the campus, both faculty and students are grappling with the sudden new norm of completely tech-mediated teaching and learning. But in rural areas the implementation of this mode of digital learning is extremely challenging, as most of the learners come from the under privileged background. Consequently, they have to face disruption to their learning environment. At this juncture, this webinar seeks to explore how in post-COVID-19 period the teachers will cope with the daunting challenge of returning to their institution where there will be tremendous stress, anxiety, uncertainty, fear and a sense of isolation among the learners.
