The seminar has been appreciated by the participants: all the participants shared their favourable feedbacks regarding their experience of this seminar; and the college authority warmly congratulated the organisers.
Weakness:	The students hardly came forward to present papers. The main reason behind this was a general lack of confidence, as it has been observed.
Opportunities:	The successful completion of the seminar provided opportunity of sharing and learning scholarly ideas and views regarding mother language. The students got a great opportunity to gather knowledge of this important as well as relevant topic.
Challenges:	To the students felt it occasionally challenging to cope with the critical discussions during the session.
Outcome:	The seminar has been proved to be remarkably beneficial for the participants. The students are also motivated by this enriching experience that would surely pave the way for further organisation of such event in future.
