**Strength:**

The wonderful deliberation of the resource person made the seminar successful. The participants got benefited from this endeavour. Some students presented papers on the topic. The seminar has been appreciated by the participants: all the participants shared their favourable feedbacks regarding their experience of this seminar; and the college authority warmly congratulated the organisers.

**Weakness:**

The number of participants who presented papers did not meet the expectation. The main reason behind this was a general lack of confidence, as it has been observed.

**Opportunities:**

The successful completion of the seminar provided opportunity of sharing and learning interesting academic ideas and views regarding romanticism in Victorian literature. The students got a great opportunity to gather knowledge of this

| <b>Challenges:</b> | To the students of the Department, it has been their first experience of this kind of event and, therefore, occasionally challenging to cope with the critical discussions during the session. The students who presented papers occasionally failed to manage their lack of confidence of speaking in English publicly.  |
| <b>Outcome:</b>    | The seminar has been proved to be remarkably beneficial for the participants. The Department of English is highly encouraged by the positive responses of the participants. The students are also motivated by this enriching experience that would surely pave the way for further organisation of such event in future. |
