Seminar on Global Warming

Organised by NSS Unit

Under the guidance of IQAC, Hazi A. K. Khan College

Date: 23.03.2023

Time: 11:00 am

Venue: Rezaul Karim Kaksha, Hazi A. K. Khan College

No. of Participants: 55

Objectives: Major objectives of the seminar-

- Educate attendees about the causes, consequences, and scientific understanding of global warming, including its impact on the environment, ecosystems, and human societies.
- Foster a deeper understanding of the complex interconnections between human activities, greenhouse gas emissions, and climate change.
- Discuss the challenges and barriers to addressing global warming, including political, economic, social, and technological obstacles, and explore potential strategies for overcoming them.

Report: Global Warming and Climate Change is a burning issue of our present-day world. We need to be aware of the dangers of it in order to save our future generation from extreme adverse situation. Keeping this in mind a Special Lecture on Global Warming was organised by the college NSS unit on the 3rd day of the special camping programme. Our honourable guest speaker of the programme was Ms. Ananya Sarkar, Assistant Professor, Department of Geography, Nagar College, Nagar, Murshidabad. In a simple and comprehensive way, she discussed the nature, causes and effects of Global Warming. She also talked about the ways and steps to be followed in order to curb the dangerous menace called Global Warming. The participants were extremely happy to hear from the resource person.

After the lunch break the student volunteers of the NSS unit got a chance to rehearse their dramatic performances under the mentorship of Samim Aktar Mollah, Assistant Professor, department of English, Hazi A.K. Khan College. Professor Mollah is a drama enthusiast and directed and acted in many dramas. Volunteers were able to imbibe the valuable inputs given by him.

Outcomes: Major outcomes of this seminar-

- Attendees gain a better understanding of the causes, impacts, and urgency of addressing global warming, leading to increased public awareness and knowledge about the issue.
- Participants become more informed and engaged advocates for climate action, urging policymakers to enact legislation and regulations that mitigate greenhouse gas emissions and support renewable energy and sustainable practices.

Seminar on

GLOBAL WARMING

Organized by

NSS Unit

Under the guidance of IQAC,

Hazi A. K. Khan College

Date: 23.03.2023

Time: 11:00 am

Venue: Rezaul Karim Kaksha

HONOURABLE SPEAKER

Ms. Ananya Sarkar

Assistant Professor

Department of Geography

Nagar College

Nagar, Murshidabad

PATRON

Dr. Goutam Kumar Ghosh

Principal

Hazi A. K. Khan College

IQAC COORDINATOR

Dr. Krishnendu Muni

Hazi A. K. Khan College

About the College:

Hazi A K Khan College is the lone representative institution of Higher Education at Hariharpara Block. The Block was endowed with a considerable number of Primary, Secondary and Higher Secondary Institutions. But no institution was there to cater further education for the young aspirant stakeholders; predominantly the girls. The idea was initially conceived by honourable Hazi Abdul Kader Khan who donated land to set up a college. Afterwards, some local robust persons took timely initiatives in framing required Society Registration and completed other formalities with the Government. The long-cherished dream came true in 2008, when Hazi A. K. Khan College started its journey at Hariharpara High School getting affiliation from University of Kalyani with Honours and General Courses in some traditional disciplines in Arts. Very soon the institution was shifted to the present location. At present twelve academic departments in Arts are there, out of which seven have Honours Courses.

About the Seminar:

Addressing global warming requires collective action to reduce greenhouse gas emissions through measures such as transitioning to renewable energy sources, improving energy efficiency, protecting forests, and implementing policies to limit emissions from industry, transportation, and agriculture. Additionally, adaptation strategies are necessary to mitigate the impacts of climate change that are already underway.
