About the College

Hazi A. K. Khan College is the lone representative institution of Higher Education at Hariharpara Block. The block was endowed with considerable number of Primary, Secondary and Higher Secondary Institutions. But no institution was there to cater further education for the young aspirant stakeholders; predominantly the girls. The idea was initially conceived by Hazi Abdul Kader Khan who donated land to set up a college. Afterwards, some local robust persons took timely initiatives in framing required Society Registration and completed other formalities with the Government. The long-cherished dream came true in 2008, when Hazi A. K. Khan College started its journey at Hariharpara High School getting affiliation from University of Kalyani with Honours and General courses in some disciplines in Arts. Very soon the institution shifted to the present location. At present twelve academic departments in Arts are there, out of which seven have Honours Courses.

About the Seminar

Museum supports people as an informal education centre for disseminating knowledge on art, history, science and technology through the material and non-material evidences. So, it is another important function of a museum to develop itself in such a way that it can serve society through knowledge dissemination. Apart from this, Museum preserves the culture. It is expected that this seminar will encourage students to visit museums to understand culture and heritage.
