**Programme: "Summer Solstice: Celebrating the Year's Longest Day"**

**Programme Date: 21<sup>th</sup> June, 2023**

**Venue: Hazi A.K. Khan College**

**No. of Participants: 27**

## **BRIEF DESCRIPTION:**

The cultural program unfolded as a dynamic and immersive celebration:

**Welcome Address by Protyus Kumar Ghosh:** The cultural program commenced with a warm welcome address by Protyus Kumar Ghosh, Head of the Geography Department (HOD). He highlighted the significance of the summer solstice, emphasizing its astronomical and cultural importance.

**Inauguration with a Song by Bubai Ghosh:** To set the tone for the celebration, the program featured a melodious song performed by Bubai Ghosh, a faculty member of the Geography Department. The song captured the essence of the summer solstice and its association with light, warmth, and the vibrant energy of nature.

**Demonstration using Globe and Torch Light by Protyus Kumar Ghosh:** The program's highlight was a captivating demonstration by Protyus Kumar Ghosh, utilizing a globe and torchlight to illustrate the Earth's tilt and its impact on the varying lengths of daylight throughout the year. The demonstration provided a visual representation of the concept of solstices, engaging the audience and enhancing their understanding of this astronomical phenomenon.

**Demonstration by Student:** Students also participated in the demonstration by holding flashlights to represent the sun's rays and observing how the angle of sunlight changes with the Earth's tilt. This interactive activity allowed them to grasp the concept of solstices in a hands-on and engaging manner.

To further enhance the understanding of the summer solstice, students presented informative presentations on various aspects of the phenomenon, including its cultural significance, its impact on agriculture and climate, and its representation in mythology and folklore. The presentations provided a well-rounded perspective on the summer solstice and its connection to human history and culture.

---

**Music Performances:** Musical renditions, carefully selected to align with the theme, were interspersed throughout the program, adding a festive and harmonious touch to the celebration.

**Visual Quiz:** To test the participants' knowledge of the summer solstice and related geographical concepts, the program featured a visual quiz. The quiz was engaging and informative, challenging the participants to apply their knowledge and learn new facts about the Earth's rotation and its effects on daylight hours.

## OBJECTIVES:

Our event aimed to achieve specific goals:

**Educational Celebration:** To celebrate the Summer Solstice as a unique astronomical event, educating participants about its significance and the science behind it.

**Cultural Integration:** To infuse cultural elements into the celebration, making it an engaging and enriching experience for students and faculty.

**Active Participation:** With 17 participants, we aimed to encourage active involvement and curiosity among students and faculty, fostering a sense of community and shared learning.

## OUTCOMES:

The cultural program resulted in positive outcomes:

**Enhanced Understanding:** Participants gained a deeper comprehension of the Summer Solstice, appreciating its scientific significance and cultural importance.

**Active Learning:** The combination of demonstrations, music, and the visual quiz facilitated active participation, transforming the event into an engaging and immersive learning experience.

**Cultural Appreciation:** The integration of cultural elements enriched the celebration, making it not only educational but also enjoyable and relatable for all participants.

## CONCLUSION:

In conclusion, "Summer Solstice: Celebrating the Year's Longest Day" successfully fulfilled its objectives, providing a well-rounded educational and cultural experience. Prottyus Kumar Ghosh, in his vote of thanks, expressed gratitude to all participants for their active involvement, contributing to the success of the event. This celebration exemplifies the commitment of the Department of Geography to delivering engaging and holistic learning experiences, setting a positive precedent for future endeavors.
