

### About the College

Hazi A. K. Khan College is the lone representative institution of Higher Education at Hariharpara, a Block within Berhampore Sub-Division of Murshidabad District in West Bengal. This institution started its journey at Hariharpara High School getting affiliation from University of Kalyani with Honours and General Courses in some traditional disciplines in Arts. Very soon the institution was shifted to the present location set up partly by Government aids along with generous donations from local people and people's representative. The focus of this institution rests primarily on nurturing excellence in the local young, who would be mentored to achieve success in their later professional and entrepreneurial ventures and lead a decent life.

### About the Seminar

Immanuel Kant's *Critique of Pure Reason* attempts to change the study of metaphysics and philosophy by altering how philosophers view the world. According to him, there is nothing higher than reason. It is the reason that drives actions without any sense-dependent incentives. Immanuel Kant's three critiques the *Critique of Pure Reason*, the *Critique of Practical Reason* and the *Critique of Judgment* are among the pinnacles of Western Philosophy. Kant aimed to steer philosophy into becoming something that could be more practical and beneficial to humanity. In this seminar, three points are crucial - the relation of reason to empirical truth; its role in scientific enquiry; and the positive gains that come from appreciating reason's limits.
