

HAZI A. K. KHAN COLLEGE

Free Eye Check-up Camp for College Students

Objectives: Free eye check-up camps typically have several objectives aimed at promoting eye health and preventing visual impairments. The camp aimed to detect health issues early, promote preventive healthcare practices, and provide necessary referrals for further treatment when required. Some of the major objectives are:

- **Early Detection of Eye Conditions**
- **Promotion of Eye Health Awareness**
- **Identification of Individuals in Need of Further Treatment**
- **Community Engagement and Participation**
