ABOUT THE COLLEGE

The generous Hazi Abdul Kader Khan who dreamed of a college at Hariharpara, a remote village in the district of Murshidabad, donated a precious piece of land on which Hazi A. K. Khan College was established. The college began its auspicious journey on 8th September, 2008. Affiliated to the University of Kalyani, Hazi A. K. Khan College aspires to function as a centre for higher studies.

ABOUT THE SEMINAR

Urbanization is one of the most significant global trends of the 21st century, reshaping societies, economies, and the environment. As the world continues to urbanize at an unprecedented pace, it is crucial to understand the trends and patterns associated with this transformation. To shed light on this complex phenomenon and its implications, we are pleased to announce the seminar "Trends and Patterns of World Urbanization." This seminar aims to provide a comprehensive overview of urbanization trends, patterns, and their far-reaching impacts. By examining the historical, spatial, and societal aspects of urbanization, participants will gain valuable insights into the challenges and opportunities that lie ahead.
